

A BETTER POLITICS A BETTER PARLIAMENT A BETTER DEMOCRACY

THE FAIRER VOTING PARTY

*Welcome to a brand new vision of democracy based on David Allen's new book **The Living Vote**:*

Can you imagine an electoral mechanism and House of Commons Structure that:

*Gives one and a half times as many people the MP they voted for:
Eliminates wasted votes:
Removes the Red/Blue wall and North/South divide completely:
Brings the exercise of parliamentary power closer to the people:
Effectively makes tactical voting pointless:
Increases smaller parties chances significantly:
Makes constituency sizes much less significant:
Makes all votes equal:
Maintains single party government: NO COALITIONS NEEDED.*

The seed has been planted.

Why not help it grow?
